Emergency Procedures

1. An emergency card file is kept in the office with emergency contact numbers to call if a child is ill or hurt. This file is provided for us by the school only. Personal information is not given out to anyone else.

2. A child is considered ill if he/she is not able to function in his/her classroom, and/or has a temperature of 100° or higher, and any other signs of illness listed under our health care policy. This child is to be isolated and the parent is to be called immediately.

3. Parents are always to be called if a child has hit his/her head. If a child is dazed, unconscious, unable to remember, or seriously hurt in anyway, follow these procedures:
 - A. Call rescue squad (911)
 - B. Provide whatever emergency treatment advised by rescue personnel and appropriate for staff on hand. Make the child comfortable, offer calm and consistent reassurance.
 - C. Call the parent and arrange to meet at the hospital if they cannot arrive at the center before an ambulance.
 - D. The director or supervisor will accompany the child to the hospital with his/her full file and emergency card.

Do not take the responsibility for making the wrong decision about a child's treatment. It is safer to have a child checked and be found an injured then to leave possible injuries on discovered.
